Code: ~ 100s -- An actual phone with a blinking light indicating a message in the VM box for owner.
 ~ 300s -- No actual phone -- no one will ever answer; just a virtual VM box checked only by its owner.
 ~ Team VM boxes -- Shared by all members of a team and checked regularly; messages passed on.
 ~ RRS team #s -- If you call a res rehab # (1314, 8492 or 3863) and no one answers, your call will transfer to a team cell which we attempt to always answer. But it does have VM, too.
 ~ DDA team #s -- If you call a DDA team # (0609, 0369 or 2816) and no one answers, your call will transfer to a team cell which we always attempt to answer. It also has VM. **DDA teams fax #s are the same as their phone #s.
